

MISSION STATEMENT

We help you become an informed consumer. Our tools, data packages and content are developed by car insurance experts so you can be sure you make the smartest decisions when buying coverage.

INSURANCE RATES BY ZIP CODE

Find the average rates in your neighborhood, so you can have a reference point for comparing car insurance rates.

HOW MUCH CAR INSURANCE DO YOU NEED?

Find out exactly how much car insurance you need for your unique profile.

REPORTS & DATA

CarInsurance.com's data packages synthesize rate information and public domain research to provide insight on how states rank on driving safety and other auto-related topics.

CONSUMERS CAN FIND THE FOLLOWING INFORMATION AT CARINSURANCE.COM

STATE BY STATE INFORMATION

Car insurance isn't the same in every state. We have guides specific to each state to help you get the best possible insurance rates in accordance with the law.

TYPES OF INSURANCE

Many drivers don't understand what their car insurance actually covers. Learn about the various types of coverage that make up your policy.

TEEN DRIVER INFORMATION

Teens and other new drivers pay much higher rates than experienced drivers. Learn how to best insure yourself or your family while paying fair car insurance rates.

HELP FOR HIGH-RISK DRIVERS

If you have tickets, accidents, or a DUI on your record, then you're likely paying high car insurance rates. Learn how to get the best price given your situation.

INSURANCE EXPERTS

Laura Longero is an award-winning editor with experience in content and communications covering auto insurance and personal finance. She has written for several media outlets, including the USA Today Network. She most recently worked in the public sector for the Nevada Department of Transportation.
